## OBJECTIVE

Has the ability to accomplish tasks and goals with effective teamwork, inspire fellow employees and motivate team effectiveness. Has the ability to gather, organize, analyze and interpret a wide range of information. Has a keen eye for detail, with a tendency to go into the depth of a matter.  Seeks a flexible and innovative environment that inspires creativity and encourages thinking outside the box to achieve a fruitful output.

## EDUCATION

**B.Tech, Artificial Intelligence and Data Science**                                                   Sep 2023 — Present
Government College of Engineering, Ratnagiri

**Diploma, computer engineering**                                                                            Jun 2020 — Jul 2023
Government Polytechnic, Vikramgad                                                                                           82.23%

## WORK EXPERIENCE

**intern, Skill Vertex, Hyderabad**                                                                          Aug 2022 — Sep 2022
I completed a 4-week internship in full-stack web development, were I covered HTML, CSS, JavaScript, PHP, Bootstrap, jQuery, and MySQL. During this internship, I successfully completed four assignments, each involving the creation of different static websites. As a final project I developed a Library Management System using the skills I learned in my internship.

## PROJECTS

**E-Learning**                                                                                                         Oct 2022 — Jun 2023
I build an E-Learning platform similar to YouTube. All content consists of video lessons uploaded by teachers. Additionally, the website includes an inbuilt Integrated Development Environment (IDE) for coding practice. Students can also create teacher account to create playlists.

**Dynamic Certificate Generator**                                                                          Apr 2023 — Jun 2023
I build a dynamic certificate generator website. For the frontend, I used HTML, CSS, and JavaScript. For the backend, I used PHP and MySQL. To create the certificate formats, I utilized the fPDF library in PHP.

**Stock Seeker**                                                                                                  Nov 2022 — Feb 2023
I created a stock seeker website similar to image gallery that includes sections like culture, food, arts, etc. Users can download high-resolution images and upload their own images to the website. I used HTML, CSS, and JavaScript to build this web site

## CERTIFICATIONS

**Data Base Management System**                                                                                          Mar 2024
IIT Kharagpur
It's a 6-week course organized by IIT Kharagpur, where I covered advanced Database Management Systems with the help of MySQL.

**Data Analysis by Microsoft and LinkedIn**                                                                      22 Jun 2024
Microsoft
I learned data analysis, data visualization, and data analytics using Python through courses provided by LinkedIn and Microsoft.

**Introduction to Artificial Intelligence**                                                                        10 Sep 2023
LinkedIn
In these courses, I learned the introduction to AI and how AI works.

**HTML Workshop**                                                                                                       11 Oct 2023
GeeksforGeeks
I participated in an 8-week HTML workshop organized by GeeksforGeeks, where I learned advanced HTML.

**Python**                                                                                                             21 Aug 2023
kaggle
In this course, I learned about Python programming. Which is organized by Kaggle.

## SKILLS

| | |
|---|---|
| **Data Structures and Algorithms**<br>Intermediate | **Python**<br>Expert |
| **Java**<br>Intermediate | **JavaScript**<br>Expert |
| **React**<br>Beginner | **Django**<br>Beginner |
| **MySQL**<br>Expert | **PHP**<br>Expert |
| **HTML**<br>Expert | **CSS**<br>Intermediate |
| **Bootstrap**<br>Intermediate | **C**<br>Intermediate |
| **C++**<br>Intermediate | **R**<br>Beginner |

## PERSONAL SKILLS

• Possesses great analytical and problem-solving skills. Ability to think rationally and thoughtfully.

• Outside the box thinker, can come up with creative solutions that can be a real asset in any role.

• A team player, good at working collaboratively with people in order to achieve a common goal.

• Has the capability to guide teams and steer the team members toward the achievement of goals.
